INSTALLATION FOR AIVIA S/100/METAL CUPBOARD

Ref. **SSACCE005**

Description

During installation, the technician offers an initiation lasting 30 minutes. At the end of this intervention, customers must have acquired the necessary knowledge to know how to apply the chain of survival and use a defibrillator, but also the technical information on the operation of the devices.

- Unfolded:- Installation of the AIVIA interior cabinet (unpacking, fixing and verification of proper operation)- Commissioning of the defibrillator- Explanation of the operation of the defibrillator
- Technical particularities of Fred PA-1 defibrillators
 - What to do in case of visual or audible alert
 - Maintenance contracts

Travel expenses are included.
Service offered for France only.
